Renewing Your My STAT!Ref Account

To protect a subscription from unauthorized use, users are periodically required to re-authenticate their My STAT!Ref Temporary Login Accounts. (If you don’t already have a STAT!Ref account you can create one to personalize your STAT!Ref experience.)

1. From the Foley Library website, go to STAT!Ref (under Databases or on the Nursing Research Guide). If you are off campus, you will need to log in with your Gonzaga username and password before proceeding.

2. Click the “My STAT!Ref” link just above the search bar.

3. Login to My STAT!Ref using your Gonzaga email address and STAT!Ref password.

4. Click the “Temporary Login Account” tab

5. Check the reCAPTCHA box and answer the security question if asked. Click the [Activate/Renew] button and make note of the expiration date.
